University of Lincoln Students' Union Student Council
Monday 13th Oct 2014, 6pm - Moot Court, David Chiddick Building

Motion: Mandatory SU Logo on all BUCS Kit

The Council Notes:

1. That this was brought to sports council and the majority of teams supported this motion and wished it to be taken forward.
2. That the SU have made it compulsory to have the SU logo on all BUCS team kit.
3. Will Fry, who brought the motion to the sports council, says that having the logo put on the football kits has been quoted to cost an extra £140 more on top of the price of the kit to get the logo printed.
4. The SU currently doesn't offer any monetary support for the teams even though they are stating that all teams have to have the logo.

The Council Believes:

1. That the SU should subsidise the cost of printing and set up of the logos being put on the team kits for BUCS (not personal kit) as the SU technically owns the club kits
2. There should be a stricter collection process of kits at the end of the year to reduce loss, in order to protect the SU investment.

The Council Resolves:

3. - The money should not come from the development fund as that is not what it is in place for
4. Money from the SU should go towards the extra price of the logo embroidery and set up for all BUCS Teams.

Proposer: Samantha Storey, Sports Officer

Secunder: Will Fry
